

## Town To Return To Stan. Time Midnight Aug. 2nd

This is the official record of the proceedings of Council at its regular meeting held at the town chambers on Wednesday, July 2nd, 1947, commencing at 8 o'clock P.M.

The members of Council present at this meeting were Mayor Robinson and Councillors Coleman, Stafford, Wallace and Armstrong.

The recorded proceedings of Council at their regular meeting held on June 3rd were read, and on motion of Councillor Stafford, were confirmed as written.

A Delegation from the Peace Memorial Committee was in attendance, comprising Mrs. Henry, Dr. H. G. Wallace and Mr. John Mitchell. A resolution was presented by this body and after a period of time was devoted to discussion of same - the Mayor advised that this matter would come up later in the meeting and that they would be advised of the outcome and the decision of Council on this matter. On motion of Councillor Wallace, that the resolution submitted by the Peace Memorial Committee be accepted by Council and that the recommendations contained therein be acted upon as far as such action is allowed by the Town and Village Act.

On motion of Councillor Coleman, that the letter from Hadden & Miles Ltd., dated June 13th, 1947, be received and placed on file for future reference.

On motion of Councillor Wallace, that the communication regarding pasteurization bylaw for the Town of Wainwright be referred to the Public Health Committee for consideration and that a report and recommendations be submitted on the subject at the next regular meeting of Council.

On motion of Councillor Stafford, that the communication from National Research Council, Ottawa, be received, and that the Secretary be instructed to procure a copy of Building Code No. 1036-N.R.C.

On motion of Councillor Armstrong, that the report of Town Engineer Patterson for the month of June be received and filed.

On motion of Councillor Wallace, that the letter from Superintendent Canadian National Railways relative to possible water supply be tabled pending receipt of further correspondence concerning same.

On motion of Councillor Wallace, that the petition from residents in the north end of town, regarding the supply of utilities to that area, be referred to Fire, Light and Utilities Committee for investigation.

On motion of Councillor Armstrong, that the application from the B.P.O.E. for use of Fair Grounds on September 1st, be approved by Council, subject to usual payment of nominal fee.

On motion of Councillor Stafford, that the Chairman of the Public Works Committee, be authorized to procure a bid on the cost of sidewalk asked for by Wainwright Divisional School Board, and report to Council at next regular meeting.

On motion of Councillor Stafford, that the application of Lewis C. Tury of Wainwright to purchase Lots 31 and 32 in Block 7, Plan 6445-V, for the sum of \$120.00, be accepted by Council pending the passing of the necessary by-law.

On application received from the Municipality of District of Wainwright.

## Hope Valley Old Timer Passes

One of the very early settlers of the Hope Valley district passed away in the Wainwright hospital on Saturday, June 28th, in the person of Mr. Andrew Koroluk.

Born in Stanichin, Ukraine, the late Mr. Koroluk came to Canada in 1907 and worked for three years in Eastern Canada prior to coming to the Hope Valley district where he homesteaded and made his home until his death. His wife predeceased him some ten years ago.

Left to mourn are three sons, George of Hope Valley, Tom of Edmonton and John of Hamilton, Sask.

The funeral was held on Monday, June 30th from the United Church with Rev. W. A. Whelan officiating at the service. Mr. McLeod's services were in charge of funeral arrangements with Messrs. Jas. Whidell, E. P. Taylor, Cashmere Shaban, George Velka, Anton Drowski and Andrew Porusnik acting as pallbearers.

Funeral services of love and esteem were received from George, Tom and Tilley, Clara and Jim, the McCarty Family and others.

## Fair Weather Greeted July 1st Sports Fans

The day was hot, long and the excitement and interest keen on the annual July 1st Sports Day sponsored by the Wainwright and District Board of Trade, on Tuesday last, Dominion Day.

The Toll collector, Mr. F. M. Armstrong, filling his usual capacity as game keeper, reports that the crowd started pouring into the grounds around 9:00 a.m. and he and his crew were busy during the day right up to 10:30 p.m., by this time more than 3,000 paid admissions had been collected, raising over \$1,000.00, to meet the heavy expenditures that the committee had to face.

The day was packed with action, and a dull moment was experienced by the crowd, of an estimated 5,000 persons. Due to diamond limitations only the usual 6 baseball games could be entertained but the hot ball went on record this year with an all time number of entries, six ladies teams and two men teams were entered to play for the \$150.00 prize money offered by the committee.

Wainwright baseball team worked their way to the finals played in the evening, which proved to be a very popular game, with much excitement and thrills, only to be beaten by Edgerton. The highlight of the day base ball were K. Fenby's homer in the game between Ribstone and the wonderful pitching done by the Car pitcher, when he struck out 23 men in the game with Ribstone. First money of \$100.00 went to Edgerton with Wainwright taking second prize of \$50.00, and the third money going to Ribstone.

Silgo ladies softball team showed to be the strongest team this year, taking home the \$40.00 first prize and leaving the Wainwright Aces \$25.00 as second prize, and the Wainwright All Stars, as third prize winners with \$10.00. In the men's softball, the prize was awarded of the same amount to Tolland, Roseberry and Silgo in the order of winnings.

The horse races again proved popular this year but due to the crowded condition along the rail, many spectators were disappointed, not being able to see. It is unfortunate that the proper grand stand could not be built which would have afforded everyone a proper view of the going on. The Star has not the amounts awarded in the horse races as they tallied more than \$500.00 for the day. Some out of town horses were entered in the Pony race, which proved to be the most popular to your correspondent.

The horses entered by Dale Henderson of Viking were successful in capturing first and second money, with the third prize going to B. Shaban. The Farmers race which always proves to meet with the popular appeal of the crowd, was won this year by H. Cooper, 1st, Shaban 2nd, Flaxton 3rd. The stake race which is an exhibition

of skill and speed was won by K. Teeter 1st, H. Cooper 2nd, H. Teeter 3rd.

There is something fascinating about the way a Shetland pony runs and this year a race being staged, the fascination was more than ever. This race was run in three heats but for some reason or other, one of the ponies always took to the first, opening that presented itself and once made a grand stand exhibition of wanting to play soft ball with the ladies, while the race was in process. However, after all said and done these fine little horses showed a certain degree of stamina despite their size and when their owners some easy money. Dale Henderson, Viking, won the first prize for this event, with the second going to K. Steele and the third being tied, the money was split between D. Henderson and J. Killoran.

The Free-for-all, or open race, had only four entries, but this proved worthwhile, as some of the fastest horses of the day ran in this race, J. Carlson, Viking, captured 1st, with Dale Little of Edgerton, and Ella Larsen, Viking, winning second and third money. In all races there were all time high entries, with 37 horses competing for money.

Many event severe staged for the kids, such as wheel narrow races, running races, sack races and bicycle races. Contestants in most events were plentiful, with the exception of the bicycle race, which showed a definite lack of enthusiasm. There were over \$50.00 in prize money given away in these events which made it very worth while for all to enter.

Hot dogs, ice cream and pop were the menu for the day, although two Ladies Church organizations did a marvellous job of feeding the crowd and answering to their whims. Cold plate suppers were the order for those wishing something to eat.

The special attractions included, a midway from Edgerton, which seemed to keep the crowd in the event, and organization had two rides, both of the same nature, one for adults and one for kiddies only on a much smaller scale. The games of chance were well patronized, with many people occasionally placing their bets on the right square to win the prize.

Another feature of this July 1st celebration was the special display of interest to the farmer patron. Through the efforts of the Field Service Bd. Supervisor, Mr. Fred Maddox, and Mr. B. Robblee, our District Agricultural display booth was set up to show field crops, weeds and other samples of vegetation to those who might be interested. These two gentlemen also had on display, through the kind operation of Wainwright business men machinery which has a definite farm use. There were combines, tillers, separators, tractors, etc. and many an enjoyable hour was spent looking these implements over.

The day wound up with a special showing of a picture at the local theatre and a well attended dance in town. These both had many people staying into the night, making this recent July 1st an enjoyable and memorable holiday for all the town and countryside looks forward to. Much credit is due to Dr. J. E. Bradley and his crew of committees, who worked very diligently in making the day what it was. There was certainly plenty of extra work to be accomplished this year and as in the past there never seemed enough hands to do it. The whole affair functioned smoothly without a hitch and from reports heard after the day was ended it seems that everyone who visited Wainwright on July 1st, 1947, were recipients of their moneys worth.

On motion of Councillor Coleman, that the report of the finance committee be accepted, and that the Mayor and Secretary be authorized to pay the individual accounts in the total amount of \$10,400.00.

That we have examined the following accounts, and finding them correct, recommended payment thereof, in the total amount of \$10,400.00:

|                               |          |
|-------------------------------|----------|
| L. B. Wallace                 | 75.37    |

## Calf Club Show and Sale, Huge Success

Competition was keen and varied, at the annual Calf Club show and sale of the Wainwright and District Calf Club held Thursday last, July 3rd, 1947.

This club was formed last year, with the aid of the District Agriculturalist, Mr. S. Robblee and 5 senior members, Messrs. S. Fenton, P. Haywood, P. Kenna, G. Cresch, and P. Ford. These members have worked faithfully during the past 9 months, aiding the children in the formation of this club and help in the smooth running of the club, with its many accomplishments.

The club is now comprised of 25 members but it is expected that more members will join during the coming month.

The Calf Club, while new to the Wainwright district, is not new to other parts of the province. There is on record calf clubs, who have been in existence for 25 years.

Mr. Jack Kerna, chief instructor of animal husbandry, Vermilion School of Agriculture, visited Wainwright for the day, and was appointed judge of the calves, as the children paraded their prize animals in the ring, at the skating rink. Mr. Kerna has had a wide experience with animal judging and raising, as well as extensive experience in calf club work, coming to the Agricultural School from Cambridge.

The merchants of Wainwright, in knowing what to look for in quality animals as well as experience in animal judging, Mr. Kerna pointed out to the club members what to look for, and in what order to pick the quality points of animals.

The showmanship competition is a competition among the club members themselves, in handling and showing of the animal as it is being judged. This includes walking the animal at the correct speed and having the animal trained to show itself to the best advantage. Mr. Kerna pointed out that the clothing of the owner or trainer should be contrasting to the color of the animal. This and many other points were brought to the contestants attention during the course of the day. Mr. Kerna stated that showmanship was one of the weak points of the club, or any club, during its first year, but with practice it was usually overcome.

The last competition between the members was the best groomed calf competition. This includes the curling, trimming, washing, and general appearance of the animal. This aspect of any show is very important and the club members were reminded by Mr. Kerna to pay special attention to this feature in future years.

The grooming and showmanship competitions are the two that really show the boys and girls interest in calf club work. After the show and sale a banquet (Continued on Page Six)

## Coyote Bounty Set In Province

In an effort to conquer the increasing pestilence of coyotes in Alberta, new regulations covering the payment of bounties have been announced by the Hon. N. E. Tanner, Minister of Lands and Mines.

Between May 1st, 1947, and September 30th, 1947, \$5.00 will be bounty paid and between October 1st and March 31st, 1948, \$3.00 will be paid, these rates applying to males and females, adults or pups.

The bounty is to be paid only on coyotes taken in the Province. Applications must be made on the proper form and the pest must be presented to one of:

1. Constable of the R.C.M.P.
2. Justice of the Peace
3. Commissioner for Game
4. A game Officer or a Forestry Officer

The official will split both ears of the animal down the middle from the tip to the base and will return the pelt to the applicant for disposal as required. The applicant will be required to produce evidence as to time and place that each coyote was taken when making claim. No person holding a license to buy or sell fur shall be eligible to make application for the bounty.

## A.F.U. Local No. 591 Hear Report of Picnic

The regular meeting of the Battle River Local No. 591 A.F.U. was held in Flaxton school on June 26th. Reports were given by the committees in charge of the different events at the picnic. A motion was then passed to put a card of thanks in the Wainwright Star to the business men of Wainwright for their splendid cooperation in donating prizes for races.

A special meeting is to be called on July 28th for the purpose of selecting delegates for the district convention which is to be held in Vermilion July 24th.

The first Local Trustees' Organization Meeting of the Wainwright School Division No. 32 was held in Wainwright on Thursday afternoon, June 26th at the Masonic Hall. About 120 local trustees were welcomed by Registrar W. Lawrence, besides visitors, representing some 45 school divisions throughout the Division. It was indeed gratifying to see such a splendid turnout.

Mr. Spencer, chairman of the Divisional Board called the meeting to order. Mr. F.M. Hill of Irma received the only nomination for chairman of the meeting and ably carried out his duties.

Each member of the Divisional Board had an active part in the program which began by Mr. Spencer giving a short and instructive address on school administration. Mr. Sanders followed with a outline of the methods and business of school division finances and satisfactorily answered all questions which followed. Mrs. McLeod's

## Ruth Ruste Honored At Lawn Social

A lawn social was held on Thursday last at the home of Mrs. F. E. Dixon, when about 80 guests gathered in honor of Miss Ruth Ruste, bride elect of this month.

After a very amusing game a delicious lunch was served by the hostess. A large hamper of presents was then presented to Miss Ruste by Misses Ida Halverson, Shirley Woodward and Louise Haire. Miss Ruste then thanked her friends very graciously for the many lovely and useful gifts.

## CARD OF THANKS

I wish to take this opportunity to thank the Wainwright Hard Ball Team for the collection which they presented to me from the game on Sunday, June 22nd, also the fans who donated so generously, also those who came to the Ladies of the Auxiliary B.B.S.L., the N.C.C. Ladies and A. C. Armstrong Co. Ltd., for the baskets of fruit which were sent to me after my recent accident.

LYMAN ALEXANDER, JR.

## IN MEMORIAM

In loving memory of our husband and father, Tom Roberts, who passed away June 28th, 1946.

Daddy dear, we are so lonely, Since the day you went away, And our memories linger often On the grave, not far away.

One year has passed, but loving memories Never from our hearts will fade, Or the dearest, kindest Daddy Ever God to children gave.

Sadly missed by  
WIFE (Mrs. T. Roberts) and DAUGHTERS (Mae, Phyllis and Marguerite).

## CARD OF THANKS

We would like to express our sincere appreciation to the Doctors of the Wainwright Clinic, the Matron and Staff of the Wainwright hospital, and to all others who were so kind during our recent sad bereavement.

GEORGE KOROLUK and the TOMER FAMILY of Edgerton

## CARD OF THANKS

The Battle River Local No. 591 A.F.U. wish to express their sincere thanks to the business men of Wainwright for their co-operation in donating prizes for the picnic held at Passchendaele on June 26th.

## Horse Killed In Freak Accident

One of the two horse team, owned by Mr. J. Touchette fell into a wooden tipped coupler at the rear of the Legion Canteen hut. Mr. Touchette was delivering water at the time and the horse fell through, falling on its side.

Efforts were made to lift the animal out, which proved futile and in the attempt he received injuries which necessitated the horse having to be done away with.

R. Taylor.

The meeting then closed with "God Save The King".

Lunch of coffee and doughnuts was served after the meeting. Special thanks are due to Mrs. R. Taylor and Mr. Dundas for their efforts in this connection.

Contributed by the Secretary.

## Coyote Bounty Set In Province

In an effort to conquer the increasing pestilence of coyotes in Alberta, new regulations covering the payment of bounties have been announced by the Hon. N. E. Tanner, Minister of Lands and Mines.

Between May 1st, 1947, and September 30th, 1947, \$5.00 will be bounty paid and between October 1st and March 31st, 1948, \$3.00 will be paid, these rates applying to males and females, adults or pups.

The bounty is to be paid only on coyotes taken in the Province. Applications must be made on the proper form and the pest must be presented to one of:

1. Constable of the R.C.M.P.
2. Justice of the Peace
3. Commissioner for Game
4. A game Officer or a Forestry Officer

The official will split both ears of the animal down the middle from the tip to the base and will return the pelt to the applicant for disposal as required. The applicant will be required to produce evidence as to time and place that each coyote was taken when making claim. No person holding a license to buy or sell fur shall be eligible to make application for the bounty.

## Horse Killed In Freak Accident

One of the two horse team, owned by Mr. J. Touchette fell into a wooden tipped coupler at the rear of the Legion Canteen hut. Mr. Touchette was delivering water at the time and the horse fell through, falling on its side.

Efforts were made to lift the animal out, which proved futile and in the attempt he received injuries which necessitated the horse having to be done away with.

R. Taylor.

The meeting then closed with "God Save The King".

Lunch of coffee and doughnuts was served after the meeting. Special thanks are due to Mrs. R. Taylor and Mr. Dundas for their efforts in this connection.

Contributed by the Secretary.

WAINWRIGHT, WEDNESDAY JULY 9th, 1947

### MIGHT BE A GOOD IDEA

Reading through the Town Council minutes appearing in this week's Star, there appears a paragraph which interested us very much. It read and we quote, "On motion by Counsellor Wallace, that the communication regarding pasteurization by-law for the Town of Wainwright, be referred to the Public Health Committee, for consideration and that a report and recommendations be submitted on the subject at the next regular meeting of council".

The above thought has been present in our minds for some time. It is pleasing to see that communication from somewhere has come before the Council, to instigate compulsory pasteurization within the town limits. Again Wainwright is behind the times in taking this step, for to our knowledge there happens to be at least 6 or 7 other towns our size, in the province, that insist on this measure.

Two of these towns that come to our minds, that recently voted on the matter this spring, happen to be Fort Saskatchewan and Viking. Neither of which had the facilities to pasteurize milk at the time of voting. Since then steps have been taken to improve both these towns milk supply. There are several questions which come to mind when one considers the proposal. Wainwright at present has the facilities to pasteurize its milk supply, therefore the question takes on somewhat of a different angle. The other centres didn't have the head start that Wainwright now has. One might ask, is pasteurization necessary? Our answer to that would be no, but the health authorities, Provincial and Dominion, consider it advisable. The Health League of Canada have stressed this for many years now and through their efforts pasteurization is compulsory in most of Ontario and Quebec. Milk is an ideal host for many disease germs, such as Typhoid, which may be present in the water supply, or such disease as Undulant Fever and T.B. may be transmitted from the dairy herd itself. (Bangs Disease, the origin of undulant fever, is fairly prevalent among the cattle of the Wainwright district.)

2. Will compulsory pasteurization create a monopoly? No. There is the possibility though of one person or firm handling all milk in the town, but this is not essential. The fact that a pasteurization unit is available in the town will make it possible for dairymen who are prepared to supply good quality milk, to have their product pasteurized at a reasonable price.

3. Will the price of milk be increased? This is hard to determine, but it is not likely. There will be a standard price and it will be set by the Government.

We all know that the pasteurization of milk in itself will not make a good product from milk which has been carelessly handled in the dairy, or milk of inferior test, even though it makes safe for consumption. Looking into the matter we see how worth while it will be for dairymen to supply a high quality product.

Pasteurization does change the test of the milk somewhat to a slight degree, but in our humble opinion, milk which is safe for consumption, is by far the better, than milk which might or might not be safe and have the true flavor or taste.

This is an important question which the town council will have to decide and especially the Health Committee. We hope that they will give the matter thorough consideration and act in the best interests of the people as a whole.

If they should decide to carry the question to the people of the town, as they will have to, if the matter is to be considered, there will have to be a plebiscite on the question. It might be advisable to think of the voting on two propositions at the same time. According to this week's paper, the P.M.C. question is to be submitted to the ratepayers if and when actions take the positive turn. The two questions could then be answered at the same time, by the same people, with the same expense.

It will be hoped that true democracy will be given a chance to exert itself and the people as a whole will be given the opportunity to decide.

### CONGRATULATIONS

This week the Editor feels that a bouquet should be handed to the executive and members of the Boys and Girls Calf Club. This new club will in the future mean more to the town and district than any farm girls and boys project heretofore. The general committee have put in a great deal of hard work, to say nothing of the members who have raised their animals to perfection during the past year.

The idea of a Calf Club is not new, but is definitely new to this district. There are other clubs in the province which have been functioning for as long as 25 years. A-These clubs today have shown the different localities in which they are located, what it means to raise good beef animals in the district. Aside from the extra money that is realized through calf club sales, the whole idea promotes the raising of better livestock throughout the dis-

trict.

Today's farming and especially in the matter of livestock, has to keep pace with the demands and the markets of the future. The demand of today is for bigger and better cattle. This is the prime reason for the formation of these clubs. When one considers the profit and loss aspect of raising prime cattle, it is by far better to raise cattle of the type that the calf club pick. There is more of a financial gain in the better cattle than in scrubs. The markets call for good beef cattle and in raising this type the costs are lower and the returns are higher.

The support given to the calf club show, and sale, last Thursday, is to be admired. The different merchants and farmers in the district gave their whole hearted co-operation and financial support. This is one important phase of any club. A phase, which, if ever lacking, automatically retards growth and progress.

So again, the Star takes this opportunity of congratulating the Town and Districts, those who helped in any way, the Executive and especially the members, who without their direct interest in the club work, the aims and objects of the organization would be nil.

"Bill's going to see the company for damages." "Why, what did they do to him?" "They blew the dinner whistle when he was carrying a 'savy piece of iron, and he dropped it on his foot."

"Just to smell the Bacon Fryin'-Just a sizzling in the pan!" It isn't Bacon and there'll be no pan

## FARMING NOTES

By Prov. Dept. of Agriculture

### SOW FEEDING EXPERIMENT

The value of green succulent pasture and well balanced rations for brood sows was brought out forcibly at the recent University of Alberta Annual Feeders' Day by Dr. L. W. McIlroy, Department of Animal Science.

In a sow feeding experiment at the University of Alberta eight purchased two-year old pregnant Yorkshire sows of similar breeding were selected from the University herd. They were divided into two experimental groups of four sows each. Group 1 were fed a ration containing protein, minerals and vitamin supplements, together with pasture in season; while Group 2 were fed continuously on a poorly balanced ration without access to pasture.

Group 1, receiving a well balanced ration plus pasture, weaned an average of 71.8% of the pigs farrowed and marketed 61% of them. Group 2 (the sows that received grain and minerals only, without supplement or pasture) weaned 55% and marketed 44.4% of the pigs farrowed.

### MAKING GOOD HAY

If you want good quality hay cut it at the right time. That is the advice of J. E. Hirdwell, Supervisor of Crop Improvement for the Alberta Department of Agriculture. As grasses and legumes mature the quantity of forage increases but the quality decreases. In other words the percentage protein decreases with maturity and the proportion of fibre increases.

In making hay the idea is to cut early enough to get high quality, but late enough to get a reasonable bulk. As a rule hay is cut too late for best results. Alfalfa hay should be cut when from 1/10 to 1/2 in bloom and the clovers when 1/2 to 3/4 in bloom. Grasses such as brome, timothy and crested wheat should be cut shortly after heading. Grasses and legumes are usually grown in mixtures for hay. A mixture should be cut when the legume is at the best stage for hay making.

Some farmers may object cutting because of difficulty in curing. Much of this can be overcome by seeding grasses with legumes and by obtaining good equipment for rapid handling of the hay. The side-delivery rake is one of the most valuable machines for this purpose. Other machinery required will depend upon the acreage to be handled.

### FARMERS WARNED AGAINST USE OF ROTARY TILLAGE MACHINERY

Rotary tillage machines are again making their appearance in this province and farmers will save themselves a great deal of trouble and loss if they take warning now. Two years ago rotary tillage machines were brought into the Camrose district. Considerable publicity was given by the Alberta Department of Agriculture at that time to the fact that these machines are very destructive of soil fibre and encourage soil drifting and water erosion.

H. J. Mather, Supervisor of Soil Conservation and Weed Control, has received advice that a similar type of machine is now being demonstrated in the Vermilion and Edmonton districts. "We can't stress too strongly," says Mr. Mather, "that rotary tillage machinery is not suitable for Alberta conditions. These implements grind up the soil through their rotary action and promote heavy soil losses."

Farmers are advised to ignore exaggerated claims as to the efficiency of these implements, and to invest their money in machinery better suited to the soil and climatic conditions of this province.

### World Of Wheat

#### THE FEAR OF DROUGHT

The United States Department of Agriculture has issued a warning to American farmers that destructive droughts and dust storms occur later and are bound to return to the Great Plains area. The Department suggests that farmers should try to get ready for the next drought. Research work on long-time rainfall in Canada reveals that during the past 60 years there have been several periods of drought and also several periods of very good rainfall. But there is no rhythm in the pattern of the occurrence of these periods, and prairie records reveal, as the U.S. Department of Agriculture says, that another drought may come at any time.

This, however, is nothing new. Chinese agriculture has had to contend with severe drought for thousands of years. In ancient times one Chinese authority said that there was but one way for farmers to prepare for periods of drought, which was that in times of good crops and of good prices farmers should put by reserves of seed and feed, and reserves of cash, so that they could tide over the bad times of drought or low prices when they came along. It appears to me that that advice is about as sound today as it was when given to Chinese farmers thousands of years ago.

### Tag Ends

By Joseph Lister Rutledge

Putting tags on people seldom makes them more understandable and generally makes for confusion and misunderstanding. Our most familiar tags are those of capitalist and worker and consumer. We have a mental picture of each, the capitalist in his opulent office, the worker at his bench or production line, the consumer pushing her bundle-buggy. They are distinct pictures but they are not accurate.

The truth is that whether it is Judy O'Grady with her bundle-buggy or the Colonel's lady in her car, or vice versa as often happens, they are both consumers and, generally speaking, they are consumers of the same products. As there is no actual distinction between the consumer and the worker, so the distinction between the worker and the capitalist is scarcely more clear. For a capitalist is only a worker who has moved from the actual production of goods and services to the task of providing the means and the direction for other workers. This worker-capitalist, by providing the means to produce more with the same effort, thereby provides the opportunity to increase wages and still spread these charges over a sufficient volume of goods so that prices need not increase. So the capitalist is a worker working for the benefit of all.

Then, of course, the worker is a capitalist. Whenever he earns more than his actual day by day needs; whenever he sets up some stake for the future, he must invest money. Whether it is in stocks or bonds or houses or insurance or unemployment benefits, he becomes dependent, not only on wages but on profits. He thereby becomes a capitalist, and the tag we have applied to him becomes meaningless.

Just as tags have confused our thinking about capitalists and consumers they have also confused our thinking about wages and profits, as if these two were not also "sisters under their skins". It is as if we could believe that profits would benefit by the destruction of wages, or wages by the destruction of profits. It is obvious that if you could do away with wages, profits would increase. That is, they would increase until such time as the worker-consumer had eaten up whatever surplus he had and was back to the market. Then we would quickly discover that we were caught in that vicious spiral; no purchases, no jobs, no pay envelopes, no profits.

Equally, if all profits could be distributed as wages, everyone could go on a wonderful buying spree for the moment. Everyone but the worker-capitalist who didn't share in the wages and hadn't any profits remaining. It wouldn't take him long to discover that operating, improving and going on a wonderful buying spree for the moment, everyone but the worker-capitalist who didn't share in the wages and hadn't any profits remaining. There you have the spiral again, only in reverse: no profits, no jobs, no pay envelopes, no purchases.

The Congress of Industrial Organizations in supporting their claim that wages could be increased without increasing prices, turned up the interesting facts that over the period 1923-1946 profits of corporations had increased 119 per cent but at the same time, wages had increased 26 per cent while wholesale prices of manufactured goods had declined 18 per cent. Isn't that about what we have been hoping for? Instead of trying to tie a can to one another, mightn't it

men's goal of 1,951,000 acres, and the 1938 acreage of 2,278,000 acres. The area under winter and spring wheat in France was estimated, on June 1st at 8,200,000 acres, compared with 10,000,000 acres a year ago.

China's current wheat crop is estimated at 926.5 million bushels, compared with the pre-war 1931-1937 average of 800 million bushels. The United States Department of Agriculture export quotas of wheat, wheat flour, corn, barley, grain sorghums and oats for August is set at some 53,000,000 bushels, compared with July's quota of 36,500,000 bushels.

## NEWS & VIEWS OF TOWN AND DISTRICT

Sorry folks! But due to the annual holiday problem, this weeks naper is late reaching our Subscribers. We hope that things will be back to normal by the time the next issue rolls off the press. The Editor.

BORN—To Mr. and Mrs. Bert Kennedy of Irma at the Wainwright municipal hospital on July 3rd a boy.

BORN—To Mr. and Mrs. E. A. Hahn of Irma at the Wainwright municipal hospital on July 3rd a boy.

BORN—To Mr. and Mrs. H. A. Fraser of Fabian at the Wainwright municipal hospital on July 3rd a girl.

BORN—To Mr. and Mrs. H. Herman (nee Dylis Jones) at the Wainwright municipal hospital on July 1st a girl.

BORN—To Mr. and Mrs. Gordon Rutledge of Greenhills on July 6th at the Wainwright municipal hospital a boy.

Congratulations are due two local boys, Gerald Nicholson and Allen Dixon who have successfully completed their third year medicine at the University of Alberta.

Mr. and Mrs. Johnny Fisher accompanied by Harold Redlund of Edmonton motored to spend the week-end with their aunt Mrs. M. Gander and other relatives in town.

Miss Marguerite Chartier is enjoying a visit from her sister Miss Doris Chartier of Turner Valley who is spending her vacation in Wainwright.

Mr. and Mrs. Alcide Cote have moved from Chauvin to retire in Wainwright and have purchased the White property on Main Street.

Canon A. P. Plon of Valleyfield, Quebec is visiting in town and district with his cousins Mrs. J. A. Touchette and Messrs. C. Leduc and L. Leduc.

Mr. Bob Alm of Davidson Dairy is spending his annual holiday visiting at Edmonton, Consort and Calgary.

Mrs. Agnes Olson of Gilt Edge left on Wednesday for Edmonton, where she will take a T.C.A. plane for New York and then travel by boat to her old home in Norway for a visit.

Mr. and Mrs. A. Swanson and daughter Betty Helen of Edmonton spent a few days in Wainwright visiting.

This is a Province-wide, confidential FREE home service supplied by Alberta Branch, Canadian Cancer Society.

### PLAXTONVILLE

(Too Late For Last Week)

Miss Patsy Lagerquist has returned home for her holidays after her supervising duties.

The school picnic proved quite successful in spite of rain showers in the morning. Four schools, Plaxtonville White Cloud, Battle Creek and Mosset took part. A large crowd attended the dance at night.

The Gilt Edge Sports Club boys and girls went to Silgo on Sunday for a practice ball game.

Miss Pauline Lagerquist left on Sunday to commence duties at the Wainwright hospital.

We were sorry to learn Mrs. E. Teeter is a patient at the local hospital.

Mrs. Walter Thayer (nee Mary Dickson) of Kinross spent a short visit with her parents last week.

Mr. Garnet Hughes had a near fatal accident while plowing recently. The horses ran away throwing Garnet in front of the plow behind the horses. The harness was cut to shreds and only his presence of mind saved him from going under the plow. Neighbors helped him with chores for a few days but he is able to be around again now.

Mr. Billy Lagerquist is at present away working at the Paykan bridge. A large crowd attended the picnic and dance held on July 4th and sponsored by the Park Hall Association.

Mr. and Mrs. C. Hicox and family left on Friday to motor to Butte, Montana and Coode, Wyoming where they will visit with relatives and friends.

Get your cherries for canning at Patterson's this week.

### A.M.A. WILL SURVEY SERVICE EXTENSION

Extension of services will be one of the needs to be given immediate attention by a special committee of the Alberta Motor Association. This was decided at a recent meeting of provincial directors at Calgary.

While the A.M.A. now provides a variety of services including emergency road service up to certain limits, legal and other services, there are various suggestions for extending present ones and adopting new ones that require study and consideration. The special committee is to report on proposed widening of services for the 25,000 members of the association.

Interested in the promoting of tourist traffic and providing services, the Calgary branch of the A.M.A. is operating a tourist office at Banff again this year. A similar office to open in Jasper park is under consideration by the Edmonton branch.

Visitors from the U.S. have found such motor club offices of inestimable value to them while seeking data in connection with their motor holidays.

Have you seen our exchange shelf for pocket editions—5c per book Library will be closed Wednesday during July and August.

### WATER FOR THIRST

People doing an average amount of work in summer drink about a gallon of water a day. Those in strenuous occupations may drink as much as two gallons. Since perspiration robs the body of salt as well as water medical science suggests lots of salty food, as well as drinking a little water at frequent intervals.

Miss Eleanor Wear is visiting in Calgary with her sister Mrs. Jacobs while Miss Mary Wear is holidaying in Nanaimo B.C. with her brother.

Mr. and Mrs. Roland Wilkins and family are enjoying their annual vacation camping at Clear Lake.

Mr. Jim Knoll formerly of Waterloo Motors has been added to the staff at Tory and Peacock, as new stock man.

#### CONTINUATION OF GOLF CLUB SHOW AND SALE REVEALS SUCCESS

Continued from Page 1

quot was held in the Wainwright Hotel for the club members and their friends and families, to celebrate the big day. Mr. S. Robinson acted as master of ceremonies and following the dinner announced the prize winners and distributed prize monies on hand at the time.

Speakers of the evening, included Mr. J. W. Taylor, Field man for U.G.C., who spoke on showmanship and Mr. J. Karsa, who addressed the gathering on general club work and the value of it to members.

Prizes were awarded to the following members in the club for the various competitions listed above.

**Best Finished Animal:**

In this competition special prizes were awarded by the Department of Agriculture of \$6.00, \$6.00, \$4.00, \$3.00, and \$2.00 to all other members. Another special prize donated by the Alberta Hereford Breeders Association, amounted to \$6.00, \$5.00, \$4.00, \$3.00, \$2.00 and \$1.00 prize to the next five Hereford calf winners. A local prize of \$2.00, made up of donations was given to each member of the club regardless of standing. The Aberdeen Angus Association donated prizes to members feeding Aberdeen Angus calves but owing to only one entry of this breed this prize money amounted to \$6.00.

1st: Raymond Patterson, \$14.00; 2nd: Evelyn Patterson, \$12.00; 3rd: Arthur Leighton, \$10.00; 4th: John Roberts, \$8.00; 5th: Albert Boyd \$6.00. The next five winners received prize money of \$5.00 each, with the remainder receiving \$4.00 each.

**Judging Competition:**

The Department of Agriculture (Provincial), donated the prize money for this event, 1st: Foster Barton, \$3.00; 2nd: Raymond Boyd, \$2.00; 3rd:

Albert Boyd, \$1.00; 4th: Bella Ford, \$1.00. The remaining 6 winners received prizes of 50c each.

**Showmanship Competition:**

A special local prize of \$10.00 was donated to the club for this event by A. C. Armstrong Co. Ltd. and was to go to the 1st place winner. The remainder of the prize money was made up from donations.

1st: Mary Mansfield, \$10.00; 2nd: Norma Patterson, \$5.00; 3rd: Albert Boyd, \$3.00; 4th: Evelyn Patterson, \$2.00.

**Best Groomed Competition:**

These prizes were made up of donations received by the club and were allotted as follows: 1st, John Roberts, \$5.00; 2nd, Arthur Leighton, \$3.00.

There were three more special prizes donated by local merchants but were earmarked for certain special categories. The Elite Theatre donated \$5.00 each to the boy and girl that placed closest to the first. Two pair of nylon stockings were donated by the Fashion Shop, to the girl who obtained the highest standing and were won by Evelyn Patterson.

Mr. F. C. Conroy and family, being stock enthusiasts, have donated a cup to be awarded each year to the winner of the club show. This cup will not be coming back from the winners, but will be presented to Raymond Patterson to be held one year, and will be returned for the next year show, before that time. Mr. Conroy has stipulated that should any winner manage to hold the cup for three years running the cup will become the personal property of that winner and that a new cup will be donated.

Two other special prizes were donated, one from the Alberta Livestock Co-op, of \$10.00 to be donated throughout the first four winners and Mr. Lyman Alexander, a local dealer, donated to the club, 100 lbs. of calf concentrate, this prize was given to Rawleigh Kett.

#### VOTERS WOULD BAN, BY LAW RACIAL BARRIERS IN JOBS

The general principle that no man should have difficulty earning a living because of his race, color or religion, is deeply embedded in the mind of Canadians, a big majority of whom would go so far as to crystallize this concept into law.

Because the suggestion has been made that Canadian provinces adopt a Fair Employment Act, as already in force in some states across the border, the Canadian Institute of Public Opinion put the issue up to the Canadian electorate in this fashion:

"In some parts of the United States it is against the law to refuse a man a job because of his race, color or religion. Some people approve of this because it ensures equality for all others disapprove, claiming it interferes with employers. Would you approve or disapprove of such a regulation in this province?"

In no province, and in no social or economic group, of Canada, did the Institute find less than a majority support for such legislation. Nationally, taking all areas and groups in their proper proportion, the attitude of the country is as follows, the Poll finds:

|                |     |
|----------------|-----|
| Approve law    | 64% |
| Disapprove law | 35  |
| Undecided      | 13  |

#### NEW PRICES ALLOWED ON BAGGED FEED GRAIN

To maintain reasonable price levels in the sale of bagged western feed grain and feed screenings when sold in Eastern Canada, the Wartime Prices and Trade Board has established specific prices which western shippers may charge to cover costs of grinding, handling and other processing. These are based on the Fort

#### CHANGES IN RENTAL REGULATIONS ANNOUNCED

Following the announcement in the House of Commons by Finance Minister Abbott concerning changes in rental regulations, Wartime Prices and Trade Board has issued a statement giving details of the changes embodied in an order which went into effect June 19.

In the general category of commercial accommodation, the new order removes from control vacant lots used for motor car parking or sales, and gasoline service stations owned by any oil refining company or distributor of petroleum products.

The order also makes clear that all places of public entertainment

and halls or rooms used for public meetings are released from control. All new housing accommodation completed after January 1, 1947, is freed from rental ceilings. Any garage let separately from the housing accommodation to which it pertains is also freed from control.

As a means of preventing boarding or rooming house operators from classifying themselves as hotels and thus evading the rental regulations, the order stipulates that no property may be considered a hotel unless the operator previously has filed his maximum rates with the Board or, receives, after application to the regional rental officer, a certificate designating the property as a hotel.

**FOOT SPRINGS**

Mechanism of the foot includes "springs" and not "arches" according to a leading authority, who declares that the old belief in "fallen arches" is as false as the medieval theory that the earth is flat.

In a publication entitled "Care of the Feet", which is being made available through government health departments, this expert advises special care of the "springs" and the adoption of footwear which permits free functioning of all the bones in the feet. He deplores the practice of putting pads in shoes to build up the "arches".

My young nephew, Ronald, went into a shop a couple of days ago and said: "I want to buy a collar for my father."

"What style."

"Well—"

"One like mine, sonny?"

"No, I want a clean one."

#### Canadians May Resume Private Trade With Japanese

Private commercial relations with Japan may be resumed on August 15, 1947, according to an announcement by the Supreme Commander of the Allied Powers (SCAP). Since the end of the war, trade has been conducted on a government-to-government basis, the Canadian Commercial Corporation being Canada's accredited agent.

Because of the shortage of suitable accommodation, only 400 businessmen from the member nations of the Far Eastern Commission will be permitted to enter Japan initially. These will be selected on a quota basis, according to their pre-war trade with Japan. The initial quota basis, according to their pre-war trade with Japan, The initial quota under these circumstances will permit only a few entries from Canada.

Among the products that may be exported from Japan are: ceramics and chinaware; bicycles; light bulbs; hardware; linen; rayon fabrics and finished goods; silk fabrics; and wool yarn goods and finished goods. Raw silk, cotton textiles and the 1947 tea crop will not be available for private trade because of prior commitments.

#### COLOUR BLINDNESS

Colour blindness is mentioned by modern medical science as a serious handicap in these days of speed and multiple machinery. Defective colour vision is usually hereditary, and is more common among males than females.

While little can be done in some cases, authorities say that defective colour vision is sometimes a symptom of a complaint which can be cured, and those who have difficulty in distinguishing between the primary colours are urged to consult their physicians, since their trouble may arise from correctable deficiency conditions.

"Red Runs The Fraser", a film story of the great Fraser River salmon run, will be the first issue in color of the new Canada Carries On series of screen short subjects, due to reach the Canadian theatres early this fall.

Canadian women, their accomplishments, their abilities and their place in the nation, will be the subject of a motion picture, "Women Are People" being produced by the National Film Board in its Canada Carries On series.

Only they who fulfil their duty in everyday matters will fulfil them on great occasions—Kingsley.

#### PLAY FOR FITNESS

Properly directed play activity is credited with doing more than building sound bodies. Doctors point out that it develops real fitness—keen and attractive personalities.

Teamplay, it is stressed, teaches self-control and co-operativeness. Tennis, badminton, fencing, handball and other friendly duels, encourage alertness, and such valuable attributes as self-confidence, poise, and balance are involved in many organized sports. National Health officers declare that there are "many gains in playing games."

#### HOLIDAY HEALTH

Need for a complete rest, change and reasonable recreation, at least once a year is emphasized by National Health leaders in commenting upon the growing tendency in some quarters to regard annual holidays as a waste of time.

Since most people have an opportunity, in modern society, of taking a real holiday yearly, the medical people urge all who can do so to take full advantage of this cessation of normal activities. Their very health and welfare demand it. Both mind and body need a let-down, it is stated, if they are to continue to give the service expected of them throughout the rest of the year.

#### ANT NUISANCE

Suggestions for defence against ants, annoying summer pests, are offered by health authorities at Ottawa. Ants may be discouraged by keeping shelves, tables and floors free of crumbs, say the public health people, by storing food in ant-proof containers, and by plugging holes in floors and walls through which they invade premises. Pests as disease spreaders, are natural enemies of those who fight to preserve health.

As a member of the technical staff of Line Elevators Farm Service will accompany the exhibit. He will be prepared to provide information on crop production problems and agricultural subjects of interest to prairie farmers, and on the work of this Department. In other words, he will be "At Your Service."

Don't fail to visit the Association's exhibit at one of the following points: Moose Jaw, June 29-July 3; Lethbridge, July 4-5; Calgary, July 7-12; Yorkton, July 14-16; Melville, July 17-18; Lloydminster, July 21-23; Vermilion, July 24-26; Vegreville, July 28-30; Red Deer, July 31-Aug. 2; North Battleford, Aug. 4-6; Prince Albert, Aug. 7-9.

### Wheat Pool Patronage

The Alberta Wheat Pool intends to carry on for the crop year 1947-48 on a co-operative basis paying a patron dividend in keeping with the principles under which the Pool was formed. The following notice is published to comply with the provisions of the Income War Tax Act.

"As required by the Income War Tax Act, this will advise our members, as referred to in the said Act as amended, that, in accordance with the terms and conditions and within the times and limitations contained in the said Act as amended it is our intention to pay a dividend in proportion to the 1947-48 patronage out of the revenues of the 1948 taxation year or out of such other funds as may be permitted by the said Act, and we hereby hold out the prospect of the payment of a patronage dividend to you accordingly."

**"Now watch me win that ribbon!"**

SANDY SIMPSON has been patiently improving his dairy herd. He saw his chance to buy a pure bred bull — and the manager of his bank lent him the ready cash to close the deal. Now he's expecting great things of his new calf; already he sees her winning her class at next year's Fall Fair. A few more like her and he can also see his milk production rising — as well as a nice extra income from selling his surplus stock to neighbouring farmers.

Branch banks, in rural communities across Canada, help to build prosperous farms . . . and at the same time help increase the flow of food to family tables both at home and in distant lands.

THIS IS ONE INSTANCE  
of how Canada's 3,200 branch  
banks play their part in the daily  
life and work of Canadians.

SPONSORED BY YOUR CHARTERED BANK

CONTINUATION OF  
TOWN TO RETURN TO FLYAN.  
TIME MIDNIGHT AUG. 2nd  
continued from page 1

The Municipal District of Wainwright No. 61, for the sum of \$60.00.  
By-law No. 47-54 then received its three readings in due form.

On motion of Coun. Armstrong that assent be given to the introduction of a by-law concerning the sale of Lot 6 in Block 24 Plan 4445-V, to A. H. Gibson of Wainwright, for the sum of \$27.50.

By-law No. 47-56 then received its three readings in due form.

On motion of Coun. Wallace, that the Report of Health Committee, regarding sanitation, be accepted, and that it be published with the minutes of this regular meeting and that the recommendations contained therein be acted upon and if necessary the scavenger contract be revised accordingly.

Your Committee on Health begs to report as follows:

While it has for some time been evident that the Scavenger has been unable to carry on both scavenging and garbage collection duties satisfactorily, only due to the increasing size of the town it is only during recent weeks that the situation has become so severe enough to cause discomfort to some residents of the Town. During these weeks many complaints have been received regarding the work of the scavenging department, particularly with regard to the condition of alleys and the cleaning of out-door privies.

Since the complaints became numerous a survey of the Town has been made, and it has been found that many alleys are in a most unsatisfactory condition. This is due not only to the department having insufficient time to make frequent collections but in a large number of cases to the manner in which residents dispose of refuse.

As has been pointed out there are certain health problems involved in allowing collections of garbage to remain uncovered for periods of time plus providing a breeding place for flies. Almost as important is the untidy appearance that this latter presents.

On the other side of the question it is noted that the majority of residents of the town have made no attempt on their own to devise sanitary means of disposing of waste along in covered fly-proof pits, and the open dumping of this type of refuse is a far greater health hazard than papers and tin cans lying in the alley.

As a means of controlling this condition your Health Committee proposes the following:

1. That the Scavenger continue on his present salary but that his duties be restricted to cleaning of privies, sanitary pits, cesspools and septic tanks, and that all revenue from the removal of tank loads of sewage be collected by the Town.
2. That a Garbage Collector be employed on a part time basis — one or two days a week — and that he use the Town Utility Truck for the regular collection of garbage and the cleaning of lanes and streets.
3. The rigid Sanitation and Health by-laws be enacted governing the handling of garbage and refuse by business places and residences in the Town, and that these by-laws be enforced.

4. That the Medical Officer of Health each year be instructed to conduct regular routine inspections of sanitary conditions within the town and report at quarterly intervals to Council on the problem.

This Committee takes the stand that the present system of sanitation in the Town is not altogether satisfactory and feels that the reasons for this condition are as follows:

1. Inefficient employees on the sanitation department.
2. Inefficient control over the work of this Department by the Board of Health through the Medical Officer of Health.
3. Carelessness on the part of many residents and business firms of the town in the disposal of waste.

The opinion of Council on this matter and on steps outlined to correct it would be appreciated.

J. D. Wallace, M.D.  
On motion of Coun. Wallace, that the Town of Wainwright return to standard time at midnight on Saturday, the 2nd day of August.

**NOTICE OF MOTION** — Given by Councillor Armstrong. I give notice that it is my intention to submit to Council at their next regular meeting a resolution authorizing the passing of a by-law to be submitted to the electors for the purpose of providing the sum of \$10,000.00 towards the construction of the proposed Peace Memorial Project.

On motion Council was regularly adjourned.

Two old settlers, confirmed back-ache, sat in the backwoods. The conversation drifted from politics to cooking.

"I got one o' them there cookery books once, but I never could do nothing with it," said one.

"You've hit it. Every one of them recipes began in the same way — 'Take a clean dish.' And that settled me."

## T.C.A. To Fly More Direct Route

On July 1, T.C.A. ceased to operate its transcontinental flights across northern Ontario. Instead, the airline's 21-passenger aircraft will fly a more direct route over the new Great Lakes Airway.

This airway adds two intermediate stops — the Canadian Lakeshead and Sault Ste. Marie — to the transcontinental route across Canada.

The airport that will be used to serve the twin Canadian-American cities at the Soo is Kinross Field in Michigan. T.C.A. has been authorized to make a traffic stop at this point under the terms of the agreement covering civil aviation between Canada and the United States.

Although generally known as the Great Lakes Airway, less than a third of it is actually a water crossing. The flight path lies along a series of airports and their associated radio ranges between Toronto and Winnipeg. From Toronto, T.C.A. aircraft will proceed over Warton and Gore Bay, on Manitoulin Island, to Sault Ste. Marie. From there they follow the south shore of Lake Superior over the Grand Marais and Houghton airports in northern Michigan to the solo over-water hop: 38 miles from Houghton to Fort William. The route to Winnipeg is via Sioux Lookout and Kenora.

The length of the Great Lakes Airway is 1,031 miles. The present north route around the Lakes is 1,145 miles. When radio facilities are completed at Graham an alternate field about 40 miles northwest of Fort William, Sioux Lookout will be reached from the airway, thus shortening the Toronto-Winnipeg route to 1,037 miles.

The airway to the north of the Lakes was chosen when transcontinental air service was cautiously planned ten years ago. At that time, little was known of the operational or meteorological problems over the Lakes. Furthermore, from a passenger's point of view, it was then thought that travellers would feel more secure flying in an all-land route.

When long range four-engine equipment became a possibility for future T.C.A. operations, a direct, all-weather, air link between Winnipeg and Toronto was conceived as more suitable for aircraft of this type than the north route around the Lakes.

War-time experience at home and abroad proved the reliability of twin-engine aircraft and it was decided they could safely operate over the Great Lakes and reduce the time factor. The airfields and radio facilities necessary for the operation of such an airway were almost non-existent, however, and the war prevented their development.

In 1945, a tentative route was laid out over the Great Lakes. Survey flights were conducted by T.C.A. and recommendations submitted to the Department of Transport for consideration.

As originally conceived, the Great Lakes Airway was a straight line between Winnipeg and Toronto. Aircraft were to fly a route entirely within Canadian boundaries. This plan had to be abandoned largely because of the great expense of constructing an airport on Caribou Island in Lake Superior and the substantial cost of an airport at Sault Ste. Marie, Ont.

Subsequently, the present routing for the Great Lakes Airway was evolved. The portion from Sault Ste. Marie to Houghton lies over U.S. territory.

The advantages of the Great Lakes Airway over the present northern route are many. It means a reduction of about 100 miles for 21-passenger DCS flights between Toronto and Winnipeg. When the Graham range is available for use, probably this fall, the distance will be further reduced. The saving in flight times between these cities is considerable. Over the present airway the block-to-block times are: eastbound, 7 hrs. 10 minutes; westbound, 8 hours 8 minutes. On the new airway they will be: eastbound, 6 hours 15 minutes; westbound, 7 hours 30 minutes. The shorter flights also constitute a greater economy of operation. The evenly spaced stops, connected by runs of reasonable duration, make the airway more desirable to fly, from the airline's viewpoint, than the northern route.

Additionally, T.C.A. will serve new and important centres of population. The Lakeshead area, already joined to Duluth by a T.C.A. inter-city service, will be placed on the main line, providing a community of 160,000 people with direct air transportation to Canadian points, both east and west. The new route will speed physical communication between Sault Ste. Marie and Toronto. A great community of interest in industrial activity exists between these cities. As T.C.A.'s aircraft stopping at the Soo will use Kinross field on the U.S. side, the operation here actually constitutes another international service for the airline.

Another consideration is the flexibility of transcontinental flights. The new route in conjunction with the northern route which will not be abandoned and the alternate "bad-weather" route through the States,

## New Development In Weed Control Announced

A revolutionary new development in weed control which cuts the volume of water needed for cereal crop spraying by 90 per cent has been announced by National Grain Company Ltd.

After thorough tests of many commercial weed control methods, the National Grain Co. states that a cheap, safe and uniform weed-kill can be obtained by spraying 2, 4-D on grain fields using a very small amount of water per acre with a boom type sprayer.

Normally used by National Grain Co. to achieve these results, are being produced as rapidly as possible, but it probably will be several months before they are available in sufficient quantity to meet the demand. The nozzles are simple, economical, and easy to install on spray rigs already in use on Canadian fields.

Spray boom application of 2, 4-D chemical not only uses far less water under the new system of operation, but exhaustive tests on 60 different field plots showed that it makes possible uniform application of the chemical, and avoids the risk of reduced yields for uneven application. The Low-water-volume, or "fog" application of chemical was tested over and over again, with the close cooperation of such leading scientists as Dr. T. K. Pavlychenko, before National Grain announced results of its revolutionary discovery aimed at winning the war on weeds in Canadian grain fields. Company officials state,

will give T.C.A. a choice of three transcontinental operations. Many delays and cancellations occasioned by bad weather will be eliminated.

After the rock and bush to which passengers have become accustomed over the past eight years flying across the vastness of northern Ontario, the Great Lakes route will be a novel change. Always within sight of shore line, the combination of land and lake is a pleasant one. Navigation is open from mid-April to mid-December and affords an entirely new marine aspect to the transcontinental route.

Since, the first successful liquid weed killer, which was introduced in Western Canada by the National Grain Company in 1944, can be applied by the same spray rig as that used for 2, 4-D. Since 2, 4-D requires more water than 2, 4-D different nozzles are required. 2, 4-D may be used on wheat, coarse grains and flax, where water supplies are not a problem. However, 2, 4-D can be used only on wheat and grain because it would be injurious to flax.

Advice on weed control is available from all National Grain agents and at the company's offices in Winnipeg, Calgary, Regina, and Edmonton.

## University Women To Converse in Canada

For the first time in history, a world-wide organization of university women will hold its triennial conference in North America, when the International Federation of University Women convenes in Toronto, August 11 to 16. Meetings will be held at the University of Toronto.

Five hundred women from more than 30 countries are coming to Canada for the conference. They are tackling a heavy program of special interest research, as well as a number of general meetings. As this is the first post-war conference of the Federation, it will be especially concerned with the reorganization of committees on administration and educational activities.

The keynote address of the Conference August 16 by Dr. Frances Moran, a distinguished scholar and legal expert of Dublin, Ireland, will be a consideration of the new areas of international law opened up by the Nuremberg Trials. Dr. Moran was at Nuremberg in an official capacity.

One of the jobs of the Conference will be to establish the relationship of the Federation with UNESCO. The work of the two organizations in cultural and other fields at present overlaps.

Women are coming to Canada for the IPUW Conference from the United States and Great Britain, from the main European countries and South America, and even from smaller ships of 4000.

countries such as Egypt and Luxembourg. These Italian women from Rome and Parma will also be at the Conference. About 100 Canadian women will attend and 350 women from the United States. Women scientists, writers, educationists, politicians and administrators will make up the conference membership, all of them graduates of universities in some part of the world.

Subjects ranging all the way from archaeology and art to population problems and child welfare will be discussed in special groups. Visitors from abroad will be given every chance possible to inspect features of Canadian life of interest to them in their professions.

The last triennial Conference of the International Federation of University Women was at Stockholm just on the eve of the war in 1938. A meeting of the Council of the Federation only has been held at Wellesley College in Massachusetts and a regional meeting of North and South American Associations in Havana, Cuba.

The Canadian Federation of University Women, which is host to the International Federation, has branches throughout Canada and a membership of 4000.

Ready Money  
FOR THE GO-AHEAD FARMER

He wanted to  
pay the Bank  
A BONUS!

June 20th—John J. Veroba of Lampman, Sask., applied to the Bank of Montreal for a loan of \$2,000 to purchase a threshing combine. His proposition was sound . . . and the loan was made.

John Veroba's new machine was delivered on June 25th. Ten days later, with his own crops still four weeks from harvesting, he set out for Sharon Springs, Kansas. With his new combine he worked for the farmers there and in the neighbouring communities for one month to the day.

In the meantime his own crops were ripening. Early in August he turned northward to Lampman, and on his arrival, August 11th, immediately remitted to us the full \$2,000 he had borrowed. His work had given him back the entire purchase price of his combine!

The total interest charge was \$12.60. So pleased was this customer to possess his own combine free of all debt, and to commence his own harvesting with a happy and easy mind, that he wished to pay the Bank of Montreal a bonus to mark his appreciation.

The Bank, of course, declined the bonus, but is gladly accepting the expression of John Veroba's thanks in the form of his permission to tell his story in this advertisement.

This case is typical of the assistance which the Bank of Montreal is extending to go-ahead farmers and demonstrates how it makes true its promise: "When you ask for a loan at the B of M, you do not ask a favour."

If you need money, see your nearest B of M manager today. Ask for a copy of our farm loan folder: "Quis for a Go-Ahead Farmer."

 Groups 1 and 2 will hold a meeting  
 in the Church on Thursday afternoon  
 at 3:00 p.m. All members welcome.

The Autumn Leaf Local A.F.U.  
 wish to announce they will be holding  
 their annual picnic and dance on Wed-  
 nesday, July 16th, 1947. The picnic  
 will be held west of Angus Prayers  
 windmill, and the dance in Carons  
 Hall in the evening. A good time is  
 assured everyone.

**OPPORTUNITIES**

"Part time opportunities for women  
 of above average intelligence for oc-  
 casional work interviewing in con-  
 nection with public opinion surveys.  
 Salary, Write: Canadian Facts Lim-  
 ited, 19 Melinda Street, Toronto, On-  
 tario". (9-7)

**CARD OF THANKS**

The ladies of the United Church W.  
 A. wish to thank the ladies who help-  
 ed in the refreshment booth at the  
 fair grounds on July 1st. Also all  
 others who donated of their time and  
 services or helped in any way to  
 make the days project such a success.

**THANK YOU**

The Wainwright and District Calf  
 Club would like to publicly thank  
 all those people who made their show  
 and sale a success. Their special  
 thanks go to those who donated prize  
 money, which made the day one to be  
 remembered. The support was grand  
 and it is to be hoped that the coming  
 year will be as successful as the  
 1946-47 season just ended.

**Notice to Creditors****and Claimants**

IN THE ESTATE OF JOHN ALLAN,  
 late of the Town of Wainwright, in  
 the Province of Alberta, Retired, De-  
 ceased.

NOTICE is hereby given that all  
 persons having claims upon the es-  
 tate of the above named John Allan,  
 who died on the 2nd day of May, A.D.  
 1947 are required to file with the  
 undersigned Administrator by the  
 22nd day of August, A.D. 1947, a full  
 statement duly verified of their  
 claims and of any securities held by  
 them, and that after that date the  
 Administrator will distribute the as-  
 sets of the deceased among the par-  
 ties entitled thereto, having regard  
 only to the claims of which notice  
 has been so filed or which have been  
 brought to his knowledge.

DATED this 20th day of June, A.D.  
 1947.

G. M. COLEMAN  
 Acting Public Administrator of the Estate  
 of John Allan, Deceased,  
 Provincial Building,  
 Edmonton, Alberta  
 by his Solicitor herein  
 J. A. MacKENZIE,  
 Wainwright, Alberta

**PUBLIC TENDERS**

Wainwright Municipal Hospital  
 District No. 17

Sealed tenders will be received by  
 the Secretary of the above Hospital  
 Board at the offices of the Architects  
 up until noon of July 19th, 1947, for  
 the erection of a Hospital at Wain-  
 wright, Alberta.

Plans and specifications may be ob-  
 tained from the office of Rule, Wynn  
 and Rule, 300 Hinks Building, Edmon-  
 ton, or the Secretary G. Graham at  
 Wainwright, Alberta, upon payment  
 of a deposit of \$25.00, repayable when  
 the plans are returned.

A marked cheque for 10% of the  
 amount of the tender must be enclo-  
 sed. No tender will be considered with-  
 out this cheque.

The lowest or any tender will not  
 necessarily be accepted.

Dated at Edmonton, July 5, 1947.

**RULE, WYNN & RULE**

300 Hinks Building  
 Edmonton - Alberta

**"LITTLE HELPERS" HOLD  
 ANNIVERSARY RALLY**

The annual rally of the Little Help-  
 ers of St. Thomas' Church was held on  
 June 28th, when about twenty-four  
 children with their mothers and in-  
 terested friends gathered at the church  
 for a short service at 3 o'clock. All  
 were welcomed by Mrs. Seashook, secy  
 for the Little Helpers and during the  
 service each child answered the roll  
 call by placing his mission gift box  
 in a large basket, after which all the  
 children repeated the Little Helpers  
 prayer in unison. Following the ser-  
 vice was a happy interval of games  
 and fun for the kiddies, after which  
 all were ready for a party lunch ser-  
 ved by several members of the W.A.,  
 while the mother enjoyed a cup of tea  
 and a friendly chat. It was found that  
 over \$22. had been collected in the  
 little boxes for the benefit of Anglican  
 missions.

With great interest the six-year-old  
 watched her mother pour paraffin  
 over the jelly.

ing are asked to attend.

**Special Notice**

To All Piano Owners

A special warning is here-  
 by issued to all piano owners  
 in the Wainwright district  
 that Mr. Virgo Goulson has been  
 misrepresenting himself by associ-  
 ating with Pepin & Sons  
 Piano and Organ Tuner-  
 Technicians of Edmonton.  
 This party is in no way  
 connected with Pepin & Sons  
 and in the future we advise,  
 for your protection, that you  
 insist on bonified credentials  
 such as a membership card  
 of the Alberta Association  
 of Piano Tuner-Technicians  
 or other means of identifica-  
 tion to assure you of compe-  
 tent work.

**PELICAN**

Mr. and Mrs. Assen left on Friday,  
 June 27th, by car, taking Sheila and  
 Harold part way back to Calgary.  
 Mrs. Ole Griebrok and the kiddies  
 went with them as far as her home at  
 Morecombe. Assens went on west of  
 Edmonton and spent a most enjoy-  
 able week camping and fishing in  
 the region where Mr. Assen went  
 hunting last fall.

Marjorie Belik stayed with Verda  
 Assen during her folks' absence.

The young folks are home from  
 schools in various directions including  
 John Griebrok from Regina.

Paul Belik had a narrow escape  
 on Tuesday when he was pitched from  
 the tractor while breaking. Evidently  
 the plow wheel ran over him, bruising  
 his leg and hip badly and his wrist  
 and arm are damaged, we hope  
 not seriously. He must have tripped  
 the power lift as he fell, for the plow  
 was out of the ground. He was able  
 to get to his feet and run after the  
 tractor and stop it.

Ole Haugen has his fine new barn  
 finished and painted and even electric  
 lighted. What's this rumor about the  
 A.F.U. holding a barn dance there?

Mr. and Mrs. Holland motored to  
 Wainwright and brought home Joan  
 and the new grandson, Brian Wayne  
 Jackson.

A good crowd turned out for the  
 school picnic at Pelican and had a  
 fine time between showers on Sunday  
 afternoon.

Pete Bill had the misfortune to run  
 a rusty nail through his foot, so find  
 it necessary to use a cane for awhile.

Mike and Beth Belik went to Lloyd-  
 minster on Saturday, bringing Mrs.  
 Griebrok and kiddies home again.

**ANNOUNCEMENT**

The Wainwright Clinic announces  
 that Dr. J. D. Wallace will be on his  
 annual vacation from Saturday, 12th  
 July to Saturday 20th July.

**FORD'S ANSWER**

A favorite story about Henry Ford  
 is the one told on the occasion of the  
 Ford's fiftieth wedding anniversary,  
 when a reporter asked: "Mr. Ford, to  
 what do you attribute your success-  
 ful marriage?"  
 "The kindly automobile man answer-  
 ed: "The formula is the same as one  
 used to make a successful car—stick  
 to the same model."

**DAILY BREAD**

The experts on food for health say  
 that it is necessary, every day, for  
 Canadians to eat at least four slices  
 of genuine whole-grain, brown or  
 white "Canada Approved" bread.  
 The term "Canada Approved"  
 means bread made from flour so  
 milled that much of the vitamins  
 and minerals are retained, and not  
 lost in the "shorts."

**GET YOUR CARROTS**

Popularity of foods high in vita-  
 min A, with aviators and other night-  
 fighters during the War, grew out of  
 their appreciation that such foods  
 were valuable for prevention of night  
 blindness.  
 Among vegetables high in vita-  
 min A content, nutritionists list car-  
 rots. Vitamin A, they say, is also im-  
 portant for good skin, healthy mem-  
 branes, such as the linings of nose  
 and mouth, and for generally keeping  
 tissues healthy. Canadians, therefore,  
 are urged to get their carrots and  
 other foods which provide worth-  
 while amounts of this important vita-  
 min.

**Notice to Creditors****and Claimants**

IN THE ESTATE OF WALTER  
 GRAY, late of the Settlement of  
 Fabryan, in the Province of Alberta,  
 Farmer, Deceased.

NOTICE IS HEREBY GIVEN that  
 all persons having claims upon the  
 estate of the above named Walter  
 Gray who died on the 12th day of  
 March, A.D. 1947, are required to  
 file with the Executor of the said  
 Estate, Alberta, Executrix of the said  
 Estate, by the 4th day of August,  
 A.D. 1947 a full statement, duly ver-  
 ified of their claims and of any sec-  
 urities held by them, and that after  
 that date the Executrix will distri-  
 bute the assets of the deceased  
 among the parties entitled thereto,  
 having regard only to the claims of  
 which notice has been so filed, or  
 which have been brought to her  
 knowledge.
